Returned.

Our boss made his appearance yesterday, having in charge a lady, everybody latest and prettiest. Its stories are the best was on the qui vive, and the general expression was "Is that his wife?" We at ed that the poor fellow had met with no such good luck.

Boy Killed.

On Sunday last, a gentleman with two small boys, who were brothers, got into a boat, on Tellico river, for the purpose of crossing that stream. Shortly after leaving the bank, the younger of the two, commenced playing in the water with a stick, which act displeased the older one, whereupon, he told the other if he did not immediately desist that he would shoot him, no attention being paid to the order, he deliberately shot and killed his brother. We regret that our in formant was unable to give the names and respective ages of the bays. It is presumed that the gentleman was not aware of the boy's being armel, or that in working the boat he failed to hear the threat when made. We do not know whether the boy was arrested or not.

Boyd & Vaughn,

Notwithstanding the bad weather have been driving a brisk trade ever since their admirable stock has been exposed to public view. We are Fatal Shooting. told that their sales on Saturday run up to near twelve hundred dollars, and each day since has lacked but little of keeping pace with that. This is not to be wondered at when you take into consideration the quality and prices of goods, and the liberal prices paid by this go ahead firm for all kinds of produce. Another great attraction at the brick is the salesmen, headed by the General, with John Goddard, Lafayette Price and others, who vie with each other in their exertions to please all. It is somewhat remarkable to see how easy it is for them to wait upon all classesparticularly the ladies-who, of one accord, unite in speaking of the polite attention shown them at this establishment.

Porcine.

D. A. Browder, and Boyd & Vangbu, have slaughtered 250 hogs during the past week, and expect to kill 400 the week coming. It seems that but few hogs will be shipped. There is a general disposition to pack. Pork is going at 8 to 81 gross, 9 to 91 nett.

If you want to know where to get a Sewing Machine that will answer every purpose in a iamily, go to Bogart & Gaines, they will give you all the information desired, and they will show you one of the Wilson Shuttle Machines.

Still Ahead.

The Star Spangled Banner, which for seven years has "waved" to the great satisfaction of its many thousand readers, and to the dis-satisfaction of all swindlers and rascals generally, is even more wide awake than ever. It has at an immense expense secured the services of an eminent artist, and the result is that it proposes to give away a splendid engraving entitled Evangeline to every subscriber for 1870. This superb work of art is one and one-half by two feet in size, and is equal to the best 83 engraving ever offered. The Banner is a large eight-page, forty column paper, overflowing with splendid reading of all kinds and costs only 75 cents a which is very cheap for the paper alone, but the publishers propose giving every subscriber a copy of their elegant engraving gratis. The paper and its publishers are reliable and it will pay to send for specimens to The Star Spongled Banner, Hinsdale, N. H., or they can be

Peterson's Magazine

For December is on our table in advance. It s a splendid number, with two steel engravings, a mammoth fashion plate, a colored patten in Berlin work, and nearly fifty wood cuts. We do not wonder at the immense circulation of "Peterson,"-said to be the largest in the worldfor it really gives more for the money than any other. Every lady ought to subscribe for it. Its Mammoth Colored Fushion plates are always the published anywhere. In 1870, in addition to its usual quantity of short stories, Five Original first felt rather serious, but we soon learn- Copy-Right Novelets will be given, among them "The Prisoner of the Bastile," by Ann S. Stephens, "The Secret at Bartram's Holme," by Jane C. Austin, "How it Encled," by Frank Lee Benedict, &c., &c. About one I,000 pages of reading matter will be given in 1870, 12 Mammoth Colered Fashious and 14 superb Steel Engravings. The Magazine will be greatly improved. The terms, however, will remain Two DOLLARS a year to single subscribers. To Cluba it is cheaper still, viz: four copies for \$6 00 with a large engraving, (24 inches by 16), "Our Father Who Art in Heaven," as a premium to the person getting up a club; or eight copies for 812 00, with both an extra copy of the Magazine and the engraving, as premiums. Those who owe me know it, and to save being
called upon for the same, will please come up called upon for the same, will please come up and settle their accounts.

There has recently been a new Bolting Cloth put in place of the old one, and I chalenge any other Mills to beat the flour, where the Wheat is good. No pains will be spared to accommodate the customers of the Sweetwater Mills. Those who go to other Mills with their Wheat, and who go to other arms with their wheat, and bring their old, rotten wheat and corn for hog feed to these Mills, which is very troublesome to grind, and no pay to me, are requested to continue to do so, as I know it is a great accom-molation to you to have the thing did in that manner, but I would like very much to grind your wheat also, as I know I can make you as good flour and as much of it as any other Mills in the country. So don't give me the worthless stuff to grind and take your good grain some where else.
